In this accelerated NLP Practitioner Training, you'll learn:

Fundamentals of NLP that will set the stage for your successful future.

You'll learn why you may not have achieved your goals in the past, and how to set achievable goals for the future.

- Learn how to make people instantly like you. Using rapport, you can greatly increase your chances of getting your clients to be successful, make sales, network, make friends and become a powerful persuader, and amazing parent, partner and friend.
- Discover why you may have had trouble communicating with some people in the past, and what you can do in the future to make sure your message gets across to everyone.
- Learn to discover how people are thinking simply by watching their eyes!
- Learn the most basic elements of human thought, and how you can use them to make dramatic changes in yourself and others.
- Learn how to instantly dislike anything tempting and motivate yourself to change the way you think about anything.
- Learn how to overcome any bad habit and install positive habits.
- Remove triggered negative emotions and create a new powerful identity.
- Learn how to resolve disagreements and think outside the box.
- Learn how to overcome fears and phobias in yourself and other instantly!
- Strategies that will help you communicate in ways that are more persuasive and powerful than you've ever experienced before.

- Learn to communicate purposefully and with precision so your message is accepted by others.
- Learn to empower people through language, become persuasive and influential.
- Learn how you can instantly create confidence, power, determination, motivation, and more.
- You will also learn how to "collapse" negative states that drag people down.
- You'll learn how others can anchor you — both negatively and positively — and what you can do to overcome it, how to anchor yourself, and how you can anchor states purposefully in others and use them in influential situations.
- You'll learn the art of "seeing the other side" of things, which has an almost magical ability to overcome objections, resolve disagreements, change beliefs and more.
- Learn to remove inner-conflict — the root cause of many issues which, when released, will cause most problems to simply disappear.
- Learn a simple technique to easily and elegantly eliminate conflict in yourself and others.
- NLP Model for Coaching

Many people believe that coaching is as simple as giving advice. They couldn't be more wrong. Find out why giving advice is the wrong thing for a coach to do, and exactly how you can use all the techniques taught in this training to become a phenomenal coach.

- And so much more...
- Learn one of the most powerful set of NLP techniques to instantly eliminate all negative emotions, release limiting beliefs, undo past decisions, banish the effects of phobias and completely eliminate the emotions of guilt and anxiety.

You will also learn:

- How to Install Goals Into The Future
- Powerful techniques for hypnotizing people, both overtly and covertly using conversational hypnotic language patterns.
- You'll discover how to use all the tools you've learned over this 4 day training to help people lose weight, reduce stress, overcome depression, eliminate anxiety and phobias, create positive emotions, achieve goals and so much more.
